CORAVIN WINES BY THE GLASS

The Coravin System uses technology that keeps the cork in the bottle, where it's been since the bottle was sealed. It allows us to pour glasses and know that instead of oxidising, the remaining wine will continue to age naturally. We are excited to be able to offer you these wines by the glass served in Plumm 'Sommelier' series glassware.

75ml / 150ml pour

2019 Graci Etna Bianco (V, S) 15/29
Sicily, Italy

A fascinating and refreshing white blend here from the volcanic slopes of Mount Etna.

The grapes are grown organically in the Contrada Arcuria on the Northern slope of the mountain at 600 metres above sea level. There is a distinct minerality here which is derived from the rich volcanic soils, with time on lees in concrete adding extra layers of texture and detail.

This blend of Carricante and Catarratto shows great energy and drive through the mouth.

2018 Jean Dauvissat 'Cotes de Lechet' 1er Cru Chablis (S) 20/39
Burgundy, France

A subtle note of wet chalk plays into lemony ripeness on this wine's gentle nose. The palate has smooth, lemony and concentrated flow, showing understated energy that seems powered by the twin forces of warm sunshine and cool, chalky depth. It's a wine of precision and depth.

2019 Pierro Chardonnay 23/44
Margaret River, WA

Primal with pure white tropical flavours providing its core. There is, however, so much more. The mouthfeel is enticing, unctuous, viscous and creamy before its tight structure leads to a refreshing cleansing zesty finish. There are delicate nutty characters and mineral notes that give complexity and a more savoury flavour profile. Expect finesse, focus and power: balance and harmony, too, before a delicious tangy dryness that lingers. Outstanding!

2019 Domaine Ott 'Chateau Rommassan' Rose (V) 20/39
Bandol, France

Pale pink colour with tines of orange and gold. The nose boasts citrus fruits and white orchard flowers. The palate is bright and lively, with notes of fleshy fruit and pink grapefruit. The finish is long and complex.

2018 Quartz Reef Bendigo Estate Single Ferment Pinot Noir (O, B, S, V) 23/44
Central Otago, New Zealand

Earthy, spicy and complex, the 2018 Bendigo Estate Single Ferment Pinot Noir is a rich, savory example of Pinot Noir from a region better known for forward fruit. Hints of mushroom and sage accent dark fruit flavors, while the palate is medium to full-bodied, lush and supple, with a long, silky-textured finish.

2019 Bruno Rocca 'Trifole' Dolcetto (S) 11/20
Piedmont, Italy

Perfumed rose petal scents overlay dark cherries and plum with elements of incense, inky earth and fresh herb infusions also apparent. Light in body the palate is vibrantly fruited with ripe cherry and plum flavours overlaid by incense infusions and fresh herbs. Finish is dry.

2012 Louis Jadot 'Morey St Denis' 1er Cru 23/44
Burgundy, France

The palate is soft and rounded on entry. It feels plush on the mouth with corpulent jammy red berry fruit laced with dried orange peel and even a smear of marmalade. It is very approachable.

2018 Craggy Range 'Gimblett Gravels' Syrah (S) 13/25
Hawkes Bay, NZ

Beautiful aromatics of violet, dark rose, freshly cracked pepper and boysenberry. Deepest red with a vibrant purple hue. Wonderful fruit purity on the palate balanced with precise acidity and fine, dusty tannins for a long, elegant finish.

15% surcharge applies on Sundays and public holidays. No split bills.

Maho Matcha Elixir is an authentic blend of 100%, pure, premium Japanese matcha from growers in the ancient prefecture of Kyoto, Shizuoka (where Mt. Fuji stands) and Mie regions. We think it's a perfect modern fusion of flavours for the uninitiated mainstream while still preserving the excellence of the tea itself.

Huskee Cup

Huskee has created an innovative, reusable coffee cup that is revolutionising the way take-away coffee and disposable cups work. For both the coffee-drinker and the café-owner, disposable paper or plastic cups are a hugely wasteful component and ultimately contributes to landfill. Reusable coffee cups can help alleviate this issue, but it's so easy to leave it at home in the morning rush. Also let's not forget that most reusable cups are made from plastic, themselves and do eventually need to be thrown out. HuskeeCup is here to change all of that.
